Welcome to our September Newsletter

My apology the August Newsletter didn't appear, I have been traveling, still am, and somehow lost focus

Not much has happened at committee level recently (at east to my knowledge) but we do have a meeting coming up later this month so if anyone has any issues to raise, please email me, always happy to take on any member input.

Upcoming dates for shoots are;

Wednesday 22nd September - This shoot has been confirmed.

Please note electrical work will be being carried out at the complex, not near our range, but please we aware non shooters may be in the area.

Another **Wednesday shoot - 6th of October** - NB only 2 weeks apart - NB this is a 'shared shoot' so be aware others may be on site. Yet to be confirmed with farmer

Next weekend shoot - after today - **23rd and 24th of October**

Finally a third October date - **Wednesday 27th** - also to be confirmed in due course

Regards Ken
